

UX DESIGNER

Dipti Gupte

WORK EXPERIENCE

Wells Fargo | Technology Associate

March 2021 - June 2022

- Developed junit and code coverage test files and tested new releases on physical ATMs for ATM UI Modernization team
- Contributed to QA efforts with defect and regression testing for mobile remote deposit capture team in addition to leading the coordination for batch testing between 15+ peers
- Networked with UX designers and established an unofficial mentorship opportunity for myself with a VP Senior Digital Product Manager
- Built business acumen while strengthening technology skills

Opal | UX Engineer

April 2020 - February 2021

- Designed mobile and desktop pages for Opal end users and customers using Figma based on research analysis provided by UX researchers and project managers
- Developed front-end components, screens, and pages for applications using React Native
- Collaborated with and communicated about design ideas and engineering constraints with designers, engineers and PMs

PROJECTS

Quarmate

September 2020 - December 2020

- App created for college roommates to keep track of each other and visitors to stay safe during the pandemic

SCU Connect

May 2020 - June 2020

- ReactNative app that centralizes all class resources and creates an environment that promotes a sense of socialization for the Santa Clara University community
